

16 FAM 400 HEALTH CARE

16 FAM 410 HEALTH CARE IN THE UNITED STATES

(CT:MED-1; 02-18-2005)
(Office of Origin: M/MED)

16 FAM 411 HEALTH CARE RESPONSIBILITY IN THE UNITED STATES

(CT:MED-1; 02-18-2005)
(Uniform State/BBG/USAID/Commerce/Foreign Service Corps—USDA)
(Applies to Civil Service and Foreign Service employees)

Responsibilities of the Office of Medical Services (M/MED) for health care in the United States:

- (1) Provide physical examinations and determine medical clearances. Arrange for medical consultations in conjunction with physical examinations, medical evacuations, or other special clinical circumstances (medical confidentiality will be observed when providing medical evaluation and assistance to patients);
- (2) Authorize payment for specific medical care;
- (3) Administer medical evacuations to the United States and monitor medical evacuees;
- (4) Provide comprehensive occupational health and counseling services to Foreign Service and Civil Service employees;
- (5) Oversee clinical services provided by health units at posts abroad;
- (6) Refer members of the Medical and Health Program to private medical providers, as appropriate;
- (7) Provide additional medical evaluations and services, such as fitness for duty and disability retirement, as required for Foreign Service and Civil Service employees; and
- (8) Provide other medical services at the discretion of the Director of the Office of Medical Services (M/MED – the “Medical Director”).
